

# What is MyHealth?

It is an online patient portal that will deliver anywhere, anytime access to your health records, and will enable you to take a proactive role in managing your health care.

All patients must first register at the clinic. Once you have provided your name, address, phone number and email, you will be registered and provided with a password.

You will then access the portal through [MyHealth.tularehhsa.org](http://MyHealth.tularehhsa.org)

Once you are signed up with **MyHealth**, you will be able to:

- Quickly access Lab Results
- Read your Chart Summary
- Send a Message to Your Provider
- Receive Patient Reminders
